## OH, JOHNNY, FILM COMEDY

Allen Jenkins, Peggy Moran and Tom Brown in a scene from "Oh, Johnny, How You Can Love" now playing at the Redwood Theater. "Fugitive At Large" completes the double bill.

## *Approval Is Given Peninsula District*

Soil Conservation Service Bureau of the Department of Agriculture at Washington advised County Engineer M. A. Grant here that it had approved plans for the San Mateo County Soil Conservation District.

"This is the 'go ahead' signal for soil and water conservation activities in San Mateo County," said Grant, who played a leading role in forming the county-sponsored district.

Next step, he explained, would be completion of the physical and economic surveys which have been under way since Jan. 1 under direction of George Gosline, area conservationist, and W. G. Scott, district conservationist, who recently opened offices in Redwood City.

The district's request for a CCC camp to assist in the field work is receiving favorable consideration, Grant reported.

## Old Hotel Block May Be Developed As Business Area

Prospective development of the corner of Arguello and Marshall Sts., present location of the Il Trovatore Hotel, into a merchandising center was seen Monday night when W. G. Bray of San Francisco, owner of the property, petitioned the city planning commission to rezone the north portion of the block on Arguello St. between Marshall and Bradford Sts., facing the Southern Pacific freight depot, from residential to business property.

At present the block is the site of the hotel and two houses. It is reported the owner is anxious to convert part of the property into a parking lot and construct store buildings on the remainder. It was declared at the meeting that the development will be started as soon as rezoning can be secured.

The commission set a public hearing on the proposal for Mar. 25 at 7:30 p. m. at the city hall. Provided there is no opposition to the rezoning the commission will recommend the move to the city council.

The commission recommended to the council that two residential lots on the narrow block at Myrtle St., James Ave. and Lowell St. be re-subdivided into three, upon request by Charles Holt, city real estate agent. Development for that property also is planned, Holt said.

## 'GRAPES OF WRATH' AT SEQUOIA

Connie, Rosasharn, Casy, the preacher, and Tom as they are portrayed by Eddie Quillan, Dorris Bowdon, John Carradine and Henry Fonda, respectively, in Darryl F. Zanuck's production of "The Grapes of Wrath," John Steinbeck's sensational best-seller, which 20th Century-Fox is presenting at the Sequoia Theater starting tomorrow. The film was directed by John Ford.

## *Egg Consumption Drive Is Planned*

Peninsula poultry producers are planning to co-operate in a "Springtime Egg Festival" being arranged for the current flush-egg production season. Dates selected for the egg consumption drive are the weeks of Mar. 14 and Apr. 11.

During these weeks, there will be special offers to increase the consumption of eggs.

The object is to remove surplus eggs from the market and thus help egg producers.

Co-operating in this "Springtime Egg Festival" will be many producers and poultry trade associations.

The services and co-operation have also been enlisted of the National Association of Food Chains, together with independent grocers, drug stores, soda fountains, restaurants, hotels, and others who handle and serve eggs.

## *'What is 2376' Question Answered*

For some weeks, the Tribune has been carrying an ad which under the mysterious nomer of "What is 2376?" has caused considerable comment and question. The answer will be revealed tomorrow when, at 2376 Broadway, Herald Butterfield opens his new Sequoia Camera Shop, and Joe Byron opens a new location for his B. & F. Radio Shop.

A veritable beehive of activity, amid the ringing of hammers and the rasp of saws, as the new location took on a new aspect over the first part of the week, this interesting shop will open its doors to the public tomorrow. Reminiscent of the Camera Shop's wares will be the brilliant illumination by night with Hollywood lights making 2376 Broadway the brightest spot on the Peninsula.

The Sequoia Camera Shop which previous to this event, was housed at 2038 Broadway, will feature all manner of equipment and accessories for home movies and for the camera enthusiast Movie film will be spliced free and the store will house what Butterfield calls the "little Sequoia Theater," in which he projects 8 and 16 m.m. film. Photo supplies, printing, enlarging, developing and a rental service will be featured.

The B. & F. Radio Shop, which repairs and installs auto radios and maintains apparatus for scientific testing of radios, will also continue to service radios in the home either by day or night. Radios and radio accessories and Mazda lamps will be sold.

## Manders' Dog Saves House From Burning

The barking of a dog Sunday afternoon led to the discovery of a chimney fire on Ashfield Rd., Atherton, near El Camino Real, and firemen extinguished the blaze before any serious damage resulted.

The chimney fire started at 5:30 p.m. at the home of John E. Manders, Redwood City attorney. Manders' dog started to bark; the attorney investigated, and turned in the alarm.

# Dental Care For Children

Neither voluntary dental insurance nor dental care on a flat rate basis for adults is feasible, but insurance of children for dental service might be practical, about 110 dentists and guests, who included public officials, civic leaders and newspapermen, with their wives, were informed Monday by Dr. Sanford Moose, dentist, professor of oral surgery at the College of Physicians and Surgeons, and past president of both the California Dental Society and the San Francisco Dental Society .

Speaking on the occasion of the celebration of the 100th anniversary of scientific dentistry, Dr. Moose reviewed the history of dentistry, from the earliest days when herbs and other useless remedies were used, to the present, with its employment of X-rays and study of focal infections—the condition whereby an infection in some remote part of the body will bring about an infection elsewhere in the body.

**NO RISK INVOLVED**

Considering the future of dentistry, Dr. Moose pointed out that insurance would not be successful because there was little risk to be insured—an examination will show approximately how much dental expense a person will have over a period of years, so that he would not pay any more than that amount for insurance, and dentists could not afford to give him "coverage" for any less or they would lose.

**The speaker pointed out also that if a flat charge were established, dentists would be bankrupted because, unlike the case of medicine where patients wouldn't think of having needless operations just because they were already paid for, patients would be pestering dentists continually for work that might be unnecessary.**

But there is a possibility that dentists may soon insure children if they are under care from the time they are between 2 and 12 years old because neglect of children's teeth can then be avoided and they can be taught properly to care for their teeth, Dr. Moose stated.

**AVOID EUROPE'S SYSTEM**

Systems of social medicine or dentistry comparable to those in Europe were counseled against, however, by Dr. Moose, who declared:

**"In consideration of any form of change in health service, we should watch, first and last, that whatever form may come to pass, the standards of American medicine and dentistry be the same as they have been and have been strived for in these past 100 years."**

Dr. Moose discussed a number of phases of dentistry in his hour-long talk; told of the reasons for dentists in the society not advertising—"we have nothing to advertise" and advertising "would put into the hands of the unscrupulous dentist a weapon to appeal to the credulity of people"; and pointed out that America spends 4½ times as much for cosmetics as for dental services; 10½ times as much for liquor as for dentistry; as much for patent medicine as for medical care, and the same amount—3½ billion dollars—for tobacco as for all health services.

**OTHER SPEAKERS**

Before Dr. Moose was called upon by Dr. J. C. McGovern, toastmaster, short talks were given by Superior Judge Maxwell McNutt, Dr. Carl D. Benninghoven, president of the county medical society; H. H. Smith, chairman of the county board of supervisors, and Miss Pansy J. Abbott, county school superintendent. A number of others were introduced, including Legislators Harrison W. Call and Harry L. Parkman; supervisors, judges, mayors and newsmen.

Dr. Ray McClinton, president of the San Mateo County Dental Society, hosts, presided. He complimented Drs. Stanton R. Burns, W. J. Peterson and H. E. Foley, public relations committeemen, for arranging the dinner and otherwise planning the observance of the anniversary.

# PEGGY MORAN SENSATIONAL NEW MOVIE GLAMOUR GIRL

Fortune, and sometimes fortune-tellers, often determine our future, as Peggy Moran can testify.

The winsome young film actress might not be on her way to stardom had it not been for the chance remark of a fortune teller whom she met when 6 years old.

Peggy, who is appearing opposite Tom Brown in Universal's "Oh, Johnny, How You Can Love," currently playing at the Redwood Theater, was brought to Hollywood when a year old by her father, Earl Moran, the noted commercial artist.

Darios, a seer who knew her father, met the little girl one day and said to her, "You're going to be a movie actress."

That was all right with Peggy, but she decided that if the prophecy were to come true she had best be prepared. To her public school work she added dramatic and singing lessons, and later took part in plays at Los Angeles Junior College.

Her first jobs were with a radio station, doing minor roles, but not so minor as to conceal her talents. She was heard by film scouts and given a screen test and then a contract. From modest beginnings, Peggy rapidly graduated to a supporting role in Deanna Durbin's "First Love," and this in turn, won her the lead opposite Tom Brown in "Oh, Johnny, How You Can Love." Peggy's dream has come true, and the fortune teller was right after all.

Swiss people sing their national anthem to the same tune as "God Save the King" and "My Country 'Tis of Thee."

## New De Soto Wins Favor of Autoists

Peak sales for the past two months and a continuing increased demand for the big, new 1940 De Soto are reported by Oleson & Son, Redwood City's De Soto-Plymouth dealer.

"Customers are greatly pleased," states Ole S. Oleson, "with the advanced styling, increase in horsepower to 100, longer wheelbase of 122½ inches, new floating ride, roomier interior with more luxurious appointments and the new lower prices, $20 to $48 less than last year.

"Another feature that is making a big hit with 1940 De Soto owners is the economical operation of our '40 models. Despite the increase in horsepower, larger size and increased comfort, owners report greater mileage per gallon of gas.

"Particularly pleasing to buyers from the standpoint of appearance is that De Soto for 1940 is truly refreshingly new from bumper to bumper."

## New Deputy Named By Building Inspector

Because of a steady increase in the amount of business being transacted by the San Mateo County building inspector's office, the appointment of Leo M. Neist, 42, Lomita Park, as a new deputy inspector has been necessary, Acting Bldg. Insptr. A. W. Russell announced here.

Neist's appointment is for the remainder of the fiscal year, which ends June 30. The new officer has been an electrician for 20 years, and is a member of Local 617, San Mateo, of the Electricians' Union.

## Petty Theft Charges Face Two 'Shoppers'

Allegedly "slick" enough to "euchre" two Redwood City merchants out of $24.39 but not clever enough to evade the law, two men were in the county jail today under $1000 bail each, facing petty theft charges brought by Redwood City police.

Held in lieu of bail are Robert Wilson, 38, and Linwood A. Dale, 40, who told police their most recent residence has been in San Francisco. They out-witted two merchants Saturday afternoon with a confusing manner of having money changed after small purchases, and walked off with $14.39 extra from one store and $10 from another, police charged.

The men were arrested in Menlo Park shortly after their activities in Redwood City, on the basis of a radio description of the men and their automobile. Officers Louis Nelson and Gene Albee of the Menlo police made the arrest. Chief Foster Andrews said that the men had failed in an attempt to "put one over" on two Menlo Park storekeepers.

The dahlia was discovered in Mexico by Cervantes in 1784.

## 4 Daly City People Get Rabies Treatment

Dr. W .C. McLean, county veterinarian, has advised four Daly City residents to take Pasteur treatment for rabies as a result of the diagnosis of two puppies who died at their home, 445 Vista Grande Ave.

One of the dogs died Feb. 25, and was diagnosed clinically by Dr. McLean as rabid. Another died Sunday. This was proven to be rabid by laboratory tests. The four persons all handled the dogs, he said, during their sickness, and although none had been bitten, there was danger of infection from saliva.

The persons involved are A. Arnando and his wife, and their wards, Irene and Margaret Maloney, both children.

Some estates belonging to the landed gentry of Brazil are bigger than the British Isles.

# Event Planned For Mid-May

Provided sanction is granted by the county health department in view of the rabies quarantine which at present is slated to end in mid-May, the Redwood City Recreation Department will conduct a pet show for children sometime that month, before school closes, it was decided Tuesday night by the parks and recreation commission.

The show would be preceded by a parade, according to present plans. The show itself would take place at Hawes Park. Whether the affair will occur at all depends upon the rabies quarantine, which was instituted a year ago and prevented the 1939 show planned by the Redwood City Humane Society.

**Appointed to arrange the parade was William M. Werder, while Donald L. Bogie was named chairman of the prize committee. Recreation Director Alfred Morton will arrange the program.**

An arrangement for use of the new Sequoia High School tennis courts, bordering James Ave., by the public on certain hours will be sought by Morton in a conference with Sequoia officials. The courts have just been completed.

**Morton also will seek a recreation leader skilled in the construction of model airplanes, he said, in order to complete a proposed plan by the Redwood City Exchange Club for the establishment of a model airplane club. James M. Eva, member of the Exchange Club and new member of the recreation commission, replacing Kenneth W. Van Gundy, resigned, introduced the subject before the commission.**

Chairman Wayne R. Millington appointed James P. Hagan chairman of the budget committee, which will meet shortly to draw up the 1940-41 proposed budget. Other members of the committee are Helen A. Smith and Walter Peterson.

# 'PRIDE AND PREJUDICE' NAMED FOR PLAYERS' SPRING DRAMA

"Pride and Prejudice," soon to be shown as a movie, has been selected as the Sequoia Players' Spring three-act play. It will be presented to the public in the Sequoia Auditorium on May 17-18.

Casting of the 15 girls and 11 boys got under way this week, according to Director Claude E. Van Patten. Principals in the cast will be selected by Friday, he said, in order that they may take advantage of the Easter vacation.

The play satirizes life in England in the 19th century.

Several Shakespearian scenes will be presented in mid-April, a week before the school Shakespearian contest.

**ONE-ACT PLAY POSTPONED TO MAR. 28**

"Double, Double Cross," an original one-act play written by Melvin Cochran, member of the Community Players, sponsored by the Redwood City Evening School, has been postponed until Mar. 28. The play, one of a series of original efforts, was to have been produced in the Sequoia Little Theater by the Community group Thursday evening.

Director Van Patten said several members of the staff are unable to appear because of illness.

Cochran's drama of the prize-fight ring will be given with "Lawd Does Yo' Understan'?" originally scheduled for Mar. 28, Van Patten said. One original play will be produced by the Community group each week thereafter for three weeks, according to Van Patten.

# Keough's Divorce Trial Set Apr. 3; Record Is Cleared

Judge Maxwell McNutt Monday morning set the sensational Keough divorce case for trial Apr. 3 after clearing the record of legal technicalities.

**He denied a motion of Mrs. Anita Zabala Howard to strike her name from Mrs. Kate K. Keough's cross-complaint, in which Mrs. Keough alleged that her husband boasted to third parties of intimate relations with Mrs. Howard. The motion was lost by default, Mrs. Howard's attorney, J. W. Ehrlich, failing to appear.**

He granted the motion of Mrs. Keough, wife of Elmer J. Keough, county grand juryman and Burlingame automobile dealer, to strike the most drastic sections of Keough's answer to her cross-complaint. The motion was granted by consent of Keough's attorney, Joseph J. Bullock.

He overruled a demurrer by Keough, Bullock contending that the demurrer and motion to strike covered the same things.

**Francis N. Foley, attorney for Mrs. Keough, secured a new order directing Keough to show cause next Monday why he should not pay costs of Mrs. Keough's defense of the original divorce action, including costs of securing depositions. The original order was not served within the required time, Foley explained.**

The motion to strike which Judge McNutt granted removed from Keough's answer the allegations that Mrs. Keough was a spendthrift; that she "put on the dog"; that her most constant companion was Helen Madden; that Mrs. Edward O'Neil, one of four women named in Mrs. Keough's cross-complaint, was superior to Mrs. Keough morally, socially and intellectually; references to Joseph Hammersley, identified by Bullock as a New York globe trotter; references to any "seducing disposition" on the part of Mrs. Keough; references to Mrs. Keough's illness as "faked" or her treatment by "fakers, faith healers, and quacks"; to her "drinking the cupboard dry," and to any lack of mentality on her part; to alleged night club rounds, blowing in her income for gambling; the charge that she gave the key to the Keough home to Bradley Sargent.

**FIRE QUICKLY PUT OUT**

Spontaneous combustion ignited a sack of sawdust in Pat's Place, 857 Main St., Saturday night but the fire department answered the alarm in time to prevent any damage. The alarm was telephoned in at 10:34 o'clock.

# MENLO PARK NEWS NOTES

MENLO PARK, Mar. 14 — The election of a trustee for the fire district will take place Apr. 1. John A. Sullivan and Hans J. Jepsen, Atherton, are candidates.

After Easter Sunday, Mar. 24, several marriages are scheduled to take place. Watch the marriage license reports—you'll get the news.

The property owners of Stanford Park area are preparing to take advantage of the government offer to advance $220,000 for street improvement in that locality. Each land owner would be assessed $97 a lot to be paid over a long period of time. It is a splendid proposition and should be accepted. Confucius says so.

The city election of Apr. 9 promises to be a lively affair, there being six candidates for two places on the council. The latest to file nomination papers are F. L. W. MacDonald and Irving F. Dunn, a former councilman. At this election a bond issue of $6,000 is to be voted on. The money so raised is to be devoted to repairing and equipping the athletic field in Stanford Park.

Carlo Fracchia was found dead in the Martin Apartments Monday. The man had been dead for a day or two. He was a gardener and had lived here only a short time. He was a brother of John Fracchia, well-known capitalist of Stanford Park.

In a Santa Barbara hospital last Monday a daughter was born to Dr. and Mrs. Russell Buchanan. The little miss has been named Barbara Ethel. Mrs. Buchanan is the former Ethel O'Keefe, daughter of James T. O'Keefe. Both parents are graduates of Stanford University.

Fred Paletti, residing on Laurel Ave., suffered a fractured arm while working at his home last week. Mr. Paletti is prominent in fraternal circles, being a leader in many societies.

A. Lindstrom, proprietor of the Palm Hotel, left Monday on a motor trip to his old home in Duluth, Minn., and other parts of the United States. Mr. Lindstrom will be gone for three months.

Mr. Rainaldi, the Italian consul general at San Francisco and a resident of Atherton, leaves next week for a new assignment at Albania. He is attending the mission here and at the breakfast Sunday morning after the 8:30 mass will be given a testimonial by the Italian residents of the community in the Hall of the Nativity.

Menlo Parlor, Native Daughters of the Golden West, will place a plaque at the Camp Fremont Memorial Park Sunday, Mar. 17. Catherine Derry, county civics chairman, will be in charge.

Funeral services will be held Friday afternoon at the First Baptist Church in Palo Alto for Mrs. Mabel Beaudoin, who was active in dramatic and musical circles and contributed to many Menlo Park programs. She and her husband, Heston, conducted the Beaudoin Studio in Palo Alto and many Menlo Park pupils attended the academy. She died unexpectedly Monday night.

Services will be held every day in Holy Week at Trinity Episcopal Church. Trinity Church will entertain the convocation of San Jose some time in May.

William H. Weeden, who has been ill for the past month, is still confined to his bed.

Requiem high mass was held at St. Ignatius Church, San Francisco, today for Mrs. Catherine Elizabeth McCarty, 82, wife of the late Johnnie McCarty, who once was horse-shoer at the Stanford Stock Farm. She died Tuesday at her home in San Francisco. She was the mother of the Rev. Edward T. McCarty, who conducted the mass; Ignacius H. and Joseph A. McCarty of San Francisco, and Henry, John P., Anthony S. and Mary E. McCarty, all of Los Angeles. Another son, Francis, was inventor of the first radio telephone on the coast. He was killed in an Oakland accident in 1906.

The county day at the 1939 fair cost little and brought great benefits, the executive said.
